ENV DEFENSE-#804772-v1-

DN_01019803258__10463732__Motion_filed_by_Intervenor_Basin_Electric_Power_Cooperative_in_14-9529__14-9530.pdf

Hi All

As you know, DOJ submitted a motion last week 4/28, asking the court to stay the Basin case and the portions of the State of Wyoming's case that cover the Basin-related issues.

Updates:

- This week, several parties asked the court to stay the rest of the cases, and EPA indicated that we do not oppose that request (motion attached).

- The court asked the enviros to respond to the motion to stay all cases in 10 days (order attached).

Let me know if you have any questions.

Thanks

-Sara
